Frequently Asked Questions

Are the fees per team or per individual?

Per team, but most teams will divide it evenly between each player rostered. This is determined by the team manager.

How much does a session cost?

The cost varies based on the number of weeks in a given session. Please [contact us](#) for current league pricing.

What is the Free Agent List?

We only coordinate the soccer leagues that play at the center; however, we do offer the ability to be put on a Free Agent List to try and be picked up by team managers, or if there are enough players we will create a House Team from those players. Our League Coordinator will “mentor” the team or a player on the team over the session they are playing to show them how someone manages a team, then it will be up to that group if they want to stick together for the next session.

How do I pay my team fee?

You may pay [online](#) or over the [phone](#) or in-person at the Front Desk during center operating hours.
